

# Amplification

The Pay It Forward concept is simple; you do a good deed for three people asking only that they do the same for three more people, and before you know it a movement has begun. Reaching out to friends and like-minded individuals to join you in attending a *because I said I would* event not only continues the *because I said I would* movement but it is an opportunity for you to help a friend on their journey and spend quality time reconnecting with them. A secondary benefit for *because I said I would* is ensuring the viability of the chapter program. So, what do you have to lose? Invite some friends to the next Meetup and/or Unified Promise event.

## *Promise:*

I will invite at least 10 friends to attend a chapter Meetup and/or Unified Promise.

## *Element of Honor:*

Hope

I believe that both I and the world around me can get better. I have hope and I wish to be what others have hoped for. I may not be around to see the impact of my promises, but I have faith that my actions were needed then and they are needed now. I believe in the impact of a single individual. I have hope that others can believe the same.
